

Important e-Learning Registration Information

Thank you Ergashev, Fayzulloh (Fayzulloh) (student number 343218137) for submitting your request for a course in the e-Summer School July 2021.

Please follow these instructions carefully to ensure successful registration in your requested e-Learning course.

Registration is a four-step process:

STEP 1

You have submitted a request for ENG3UE through the online registration system.

(This step is now complete).

STEP 2

If you are under 18 years old, you must obtain parent/guardian approval to take an online course by printing this 'Important e-Learning Registration Information' form and having it signed by your parent/guardian.

STEP 3

Please make an appointment with guidance at your school and take the signed parent/guardian approval to the appointment.

STEP 4

Guidance approval is the last step of the process. After reviewing your request in conjunction with local school offerings, timetabling circumstances, pre-requisite requirements, and the degree to which an online course would be a successful learning experience for you, guidance counselors will make a decision as to whether to Approve or Deny this request.

COURSE REQUIREMENTS

In an e-learning course teachers and students work collaboratively through a series of units and activities. An e-learning student has some flexibility scheduling the time he/she spends on and off-line. As in a face-to-face course, the teacher will determine due dates for course work and assignments. Students are responsible for meeting these timelines.

Students must logon to the classroom every day for attendance purposes. Assignments may be completed during the school day, evening, or on the weekends according to student need.

A student needs to spend at least as much time with online course work as he/she would in a face-to-face course. At the end of the course, the student will complete a summative project and/or a final exam.

The courses and online classroom will be provided by the Ministry of Education through e-Learning Ontario. These on-line courses will:

- be taught by TDSB secondary school teachers
- be part of the TDSB student's timetable
- appear on the student's transcript upon completion
- be fully compliant with TDSB and Ministry expectations and policies

Parent/Guardian's Consent

I give approval for my son/daughter to enroll in the e-learning course English, Grade 11, University Preparation/ENG3UE

Parent/Guardian's Name: Farhod Ergashov

Parent/Guardian's Signature:
